Where LEADERS ROAR!
Respect, Opportunity, Acceptance, and Resilience

Dear parents or Guardians,

I want to take this opportunity to introduce myself and express my excitement about working with your child this school year. I am delighted to have your child in my class this year and am looking forward to a very successful academic year; as I know you are too.

I have extremely **high expectations** for every single student, and am asking for your help to maintain those expectations by checking with your son/daughter daily to make sure that his/her work is being done promptly.

Over the course of the year, your child will be engaged in rigorous, inquiry-based learning driven by scientific & engineering investigations that are aligned to the city and state science standards. For more information about the curriculum, please search "NYC DOE Science Scope & Sequence 6-12" in your Internet browser.

Please feel free to contact me via email at **contact@mrtubbs.info**. You may also contact me by calling the school at 718-491-8440, if you have any concerns or need any clarification.

Sincerely,

Nathan W. Tubbs
PS/IS 30 Mary White Ovington Science Teacher
